## PK+ MyPharmacyApp

**Your pharmacy mobile app build on IBM technology for your own pharmacy and your own patients.**

**It gives you an instant online presence, allowing your patients to order new & refill prescriptions from your pharmacy any time while on the go.**

- **Customizable**  
For your customers and your pharmacy
- **Patient Friendly**  
New & existing customers may order new Rx FILLS and REFILLS with no waiting
- **Engagement**  
Automated Rx refill reminders to keep continuous contact with your patients
- **Integration**  
Integrated with your pharmacy software to reduce waiting time and data entry errors
- **Artificial Intelligence**  
The app monitors patient vitals and drug adherence at home for early intervention using AI\*\*
- **Video Care**  
Secure, easy and on-demand patient counselling/Meds Check via PK+ MyVideoJoin app.
